If you are registering your family to receive the family discount, please read the following instructions before proceeding:

- Must be your immediate family. You can register 5-7 members for one discounted rate.
- The family “captain” should register all members at one time and pay one flat fee: (5 members - \$100, 6 members - \$115, 7 members - \$130), which includes the discount.
- Further Instructions for the family captain:
 1. Click on “Register Now”
 2. Choose registration choice: “Family 5 Members” “Family 6 Members” or Family 7 Members”
 3. Follow the prompts to register yourself
 4. When asked to join a team or create a new team, type in your team or family name. Feel free to be creative!
 5. When asked “Would you like to register another participant or checkout?” Click on “Add Another”
 6. Proceed to add your 2nd family member. Be aware that it will look like the team fee has been added again, but as soon as you add family members to your team (step 4 above), the fee reverts back to the flat fee.
 7. Continue adding family members until you are finished. Then click on “Checkout.”
